My favourite facial product of all time. Suits my mature but oily skin and is a joy to use. Light scent that isn't overpowering either, just delightful.

What can I say that hasn't been said in the previous reviews, this is an amazing product! I read a couple of reviews on review centre and had to try it. I am so glad I did, it is the best moisturiser I've tried. It even helped the dark circles under my eyes. My 14 yr old daughter also uses it at night. We are both converts to Maia and can't wait to get the rest of the range!

THIS SERUM IS FANTASTIC!!! Very impressive presentation and it soaks right in. The aroma is just wonderful. I love the delivery of those bottles, not too much comes out, just the right amount in one pump. That is really good value too as that tiny amount goes a very long way. I have been putting it on at night and it really comforts my skin and my skin feels just lovely in the morning. I would say it is probably light enough to wear in the day too but there is something about oil treatments and night times I really like. I think I am going to have this for some time because it goes such a long way. I really love it and am very, very impressed with the performance (and that lil' pump makes me feel all poshe).

I was one of the lucky testers for Maia products before the launch. I was a bit sceptical about using an oil serum on my combination skin but am now a total convert. It keeps the dryer bits of my skin really hydrated but is absorbed well even on the oilier bits. It gives my skin a lovely sheen and I think it makes me look younger. It works well in combination with another layer of moisturiser or sunblock and is an ideal make up base (providing you let it soak in for 15 mins or so before applying foundation). I swim a lot which really dries my skin out and I love using the serum after swimming. It smells gorgeous too! All in all this is a fantastic product which is now a staple in my daily skin care routine.

Instructions

- To use apply 1-2 pumps all over the face neck and décolletage morning and evening after cleansing.
- Pat gently around the eye area.
- Can be layered under any of the facial balms or your regular moisturiser for extra nourishment.
- Allow 10 minutes before applying makeup. Oily skins may need to gently blot the skin before applying makeup.

Extra Use:

- Maia Skin Boosting Serum can also be used as a cleanser. Apply to the skin, massage gently and rinse off with a wet warm [muslin cloth](#).

- Apply to fingernails for a nourishing nail treatment and help your nails grow longer and less likely to break.
