This is a fabulous body butter - it feels luxurious and creamy going on, yet is easily absorbed and non-greasy. And the scent .... it's to die for! I can't help but feel fabulous when I pamper with Frangipani Dream.

Utterly fabulous! I don't know how you do it but this is the best natural body butter I've used. It has a wonderful creamy texture, the fragrance is to die for and it dries in without a greasy afterfeel. Thoroughly recommend, and the scrub.
